Comframe Receives 2009 Central Region One Microsoft Partner of the Year Award

Honor Signifies Consistent Customer Satisfaction and Exceptional Engagement Framework

BIRMINGHAM, AL – Aug 31, 2009 – ComFrame Software Corporation (<http://www.comframe.com>), a premier provider of information technology services, announced today that it has been selected by Microsoft as the winner of the 2009 Central Region One Microsoft Partner of the Year.

The Microsoft Partner Program Awards recognize Microsoft partners that have developed and delivered exceptional Microsoft-based solutions over the past year. This award recognizes ComFrame as a partner who has provided consistent customer satisfaction and an exceptional engagement framework with Microsoft through outreach and participation across a range of activities. This award signifies ComFrame's ability to work with Microsoft across all industry sectors and organizations.

Mark Kornegay, Microsoft US Central Region General Manager, said, "ComFrame is an example of how partners can work with Microsoft to achieve great results for our clients."

"This award is a result of highly collaborative efforts between the Microsoft and ComFrame teams in providing exceptional service to our customers," said Marc Guthrie, ComFrame CEO. "This recognition by Microsoft is evidence of the hard work and outstanding service provided to help our customers achieve greater alignment between business and IT."

ComFrame was formally honored during a brief awards ceremony that took place during the Microsoft Worldwide Partner Conference in New Orleans, Louisiana, on July 16, 2009.

About ComFrame

Since 1997, ComFrame Software Corporation has completed more than 300 elegant, large-scale software projects for clients across the southeastern and central United States, helping them reduce IT complexity and successfully deploy modern architectures and applications that improve business agility and efficiency. From offices in Birmingham, Nashville and Beijing, ComFrame delivers a broad range of custom solutions and packaged business applications. More than 110 architects, software engineers and project managers make up our highly skilled team. Expertise ranges from enterprise application development and integration to consulting, strategic business and brand management, business process and performance management, business intelligence and enterprise data management, information integration and collaboration management, project and portfolio management, IT mentoring and training in new technologies and service-oriented architectures.
